

YOU CAN BE THE
**FACE
OF CHANGE**

Federal Retirees,

After years of public service, you may want to continue your legacy of giving back. Whether you are returning or pledging for the first time, participation in the Combined Federal Campaign (CFC) is a great way to extend your spirit of service. The CFC is a program of the U.S. Office of Personnel Management and one of the largest and most successful workplace giving campaigns in the world.

Join the CFC community and support the causes you're passionate about by giving to your favorite charities through an annuity deduction.
